A project of the excavation in "Castello di Rontana" (Province of Emilia Romagna. Center-North of Italy) for 4 weeks at the University of Bologna.

Training

Acquiring and post processing 3D data: anthropology, archaeo- zoology and cultural heritage (microfocus X-ray tubes, synchrotron radiation, micro CT, Geomagic Design X, Avizo) in summer school at University of Bologna.

Skills

- microfocus X-ray tubes.
- synchrotron radiation
- micro CT
- Geomagic design X
- Avizo
